THERMAL ENGINEERING FOR TRANSPORT: DESIGN, MEASUREMENT AND OPTIMISATION

13 June 2018
Hyatt Regency Birmingham

SEMINAR SPEAKERS INCLUDE:

Cedric Rouaud, Chief Engineer
Ricardo UK

Neil Glover, Head of Materials Research
Rolls-Royce

Arun Muley, Thermal Management Lead, Power Systems
Boeing Research and Technology

Ali Tabbal, Chief Aerodynamics Engineer
ALSTOM S.A

Richard Owen, Senior Engineer, Thermal Energy Management
Jaguar Land Rover

THERMAL ENGINEERING FOR TRANSPORT:
DESIGN, MEASUREMENT AND OPTIMISATION

13 June 2018, Hyatt Regency Birmingham

THIS SPECIALIST ONE-DAY SEMINAR ADDRESSES THE DEVELOPMENTS IN THERMAL MANAGEMENT ACROSS THE AEROSPACE, AUTOMOTIVE AND RAIL SECTORS.

With pressure from both government and consumers to make vehicles more efficient, join thought leaders across transport to expand your knowledge of innovative new solutions and approaches. This event will showcase the latest technological advances in heat transfer, energy management, materials engineering and the integration and control of thermal systems within different vehicles.

Learn from experts adapting to the changing requirements of electrified vehicles. Understand how design, simulation and testing are adapting across manufacture and operation for aviation, automobiles and high speed rail. The one day seminar provides a great opportunity to network with technical experts and leaders within industry.

KEY PROGRAMME HIGHLIGHTS:

• Jaguar Land Rover discuss the role of thermal energy management in reducing automotive energy consumption
• Airbus reveal how their engineers are implementing novel integration of models for aircraft thermal assessment
• Alstom discuss thermal management of a power car for high speed operations
• Ricardo UK explore the thermal considerations in system design around electric automotive components
• SAIC Motor UK share methods of maximising direct exhaust heat recovery

FEEDBACK FROM THE LAST EVENT:

“The audience was treated to interesting thermal engineering material, presented by a diverse range of experts in the automotive, rail and aerospace world”
Senior Systems Engineer, BAE Systems

“An excellent event for understanding principles, tools and exploring technological discussions from many industrial viewpoints. This event also provides a good networking opportunity and a chance to see things from different industry perspectives”
Research and Design Engineer, Avon Automotive

ATTEND THIS SEMINAR TO:

• Gain unique access to thermal specialists across various related engineering industries
• Hear from leading transport OEMs and tier one manufacturers about how they are designing systems to optimise thermal management
• Understand how challenges such as hybridisation and electrification are impacting the requirements for thermal management systems
• Explore core challenges you have encountered through interactive panel sessions and roundtable discussions
• Network with cross-industry experts with knowledge of thermal engineering requirements, and the solutions and technologies available

WITH THANKS TO:

Cedric Rouaud, Chief Engineer
Ricardo UK

Group booking discounts are available. Contact us for more information.

THREE WAYS TO BOOK

1. Online: www.imeche.org/thermalengineering
2. Email: eventenquiries@imeche.org
3. Phone: +44 (0)20 7973 1251

Please read the information listed below as each booking is subject to the Institution’s standard terms and conditions.

CONDITIONS OF BOOKING

Completed application forms should be returned to the address above, along with the correct payment. Attendance at the event will be confirmed on receipt of the full balance. All participants are advised to bring a copy of their confirmation with them on the day, to ensure the fastest possible entry.

SPECIAL REQUIREMENTS

Please inform us of any special requirements, dietary or access, on the relevant section of this form.

CANCELLATION

For a refund (minus £25+VAT admin charge), cancellations must be received at least 30 days prior to the event. Replacement delegates are welcome at any time. The Institution reserves the right to cancel any event. In this case, the full fee will be refunded unless a mutually convenient transfer can be arranged. In the event that the Institution postpones an event for any reason and the delegate is unable or unwilling to attend on the rescheduled date, they will receive a full refund of the fee paid. The Institution is not responsible for any loss or damage as a result of a substitution, alteration or cancellation/postponement of an event. The Institution shall assume no liability whatsoever if this event is cancelled, rescheduled or postponed due to a fortuitous event, Act of God, unforeseen occurrence or any other event that renders performance of this conference impracticable, illegal or impossible. For the purposes of this clause, a fortuitous event shall include, but not be limited to: war, fire, labour strike, extreme weather or other emergency. Please note that while speakers and topics were confirmed at the time of publishing, circumstances beyond the control of the organisers may necessitate substitutions, alterations or cancellations of the speakers and/or topics. The Institution reserves the right to alter or modify the advertised speakers and/or topics if necessary without any liability to you whatsoever. Any substitutions or alterations will be updated on the event’s webpage as soon as possible.

LIABILITY

The organisers do not accept liability for any injuries or losses of any nature incurred by delegates and/or accompanying persons, nor for loss or damage to their luggage and/or personal belongings.

CONFERENCE VENUE

Hyatt Regency Birmingham
2 Bridge Street
Birmingham
B1 2JJ

SPONSORSHIP & EXHIBITION OPPORTUNITIES

GET INVOLVED

Attending this event as either an exhibitor or sponsor will give you the opportunity to display your solutions, services and products to the right people at the right time.

BENEFITS OF SPONSORING

• Showcase new products
• Raise awareness of your operation
• Improve perception of your brand
• Influence other organisations’ spending plans

This is an excellent way to enhance your company profile and communicate effectively with your target audience.

For more information please call +44 (0)20 7304 6853 or email d_anglin@imeche.org

OTHER EVENTS TO LOOK FOR

13TH INTERNATIONAL CONFERENCE ON TURBOCHARGERS AND TURBOCHARGING

16–17 May 2018, London

Hear an exclusive keynote from the FIA with technical presentations from Honeywell, BorgWarner Turbo, Cummins Turbo Technologies, Volkswagen, Ford Werke AG and many more on the latest technologies and novel solutions for turbocharging and boosting systems.

www.imeche.org/turbo

NOISE, VIBRATION AND HARSHNESS

22 May 2018, Birmingham

Attend this technical one-day seminar to address the challenges in design, measurement and analysis of noise, vibration and harshness across complex systems.

www.imeche.org/nvh2018

The Institution of Mechanical Engineers organises over 120 events a year, including free-to-attend lectures as well as conferences, seminars, annual luncheons and dinners. Please visit www.imeche.org/events for the complete list of events.
