STEAM TURBINE AND GENERATOR USER GROUP 2018

21 - 22 March 2018, Manchester, UK

THE TWO-DAY STEAM TURBINE AND GENERATOR USER GROUP 2018 IS THE NEXT IN THIS POPULAR SERIES OF THE INSTITUTION'S POWER GENERATION USER GROUPS.

This event will enable those involved in the management, operation and maintenance of steam turbines and generators, to discuss common problems and issues, exchange ideas, identify potential solutions and learn about new developments

SUBMIT A SYNOPSIS:

We invite you to share your experiences and provide a basis for discussion and debate by making a 20 minute presentation to delegates. Presentations should offer practical examples of issues encountered, how they were resolved or how improvements were made.

TOPICS TO BE ADDRESSED:

- Plant operation and ownership
- Plant mothballing, storage and returning plant to service following extended shutdown
- Power insurance and risk management
- Turbine and generator failures, case studies and repair methods

- Steam turbine technologies
- Generator technologies
- Repair and refurbishment
- Turbine and generator degradation
- Effects of steam chemistry
- Turbine and generator auxiliary systems and condensers
- Turbine overhauls and life extension
- Generator overhauls and life extension
- Plant condition monitoring and control
- Industrial/CHP/renewable/waste to energy turbine generators
- Steam turbine and generator projects

HOW TO SUBMIT

Your summary should outline the contents of a 20 minute presentation and should include the following information:

- Your full name and contact details
- A working title for your presentation
- A 150 word summary of the topic/case study that you intend to cover and its application within industry

VISIT: www.imeche.org/stug

Plus submit your summary before **1 November 2017** via email to eventconcepts@imeche.org. Alternatively contact us on **+44 (0)20 7973 1258**.
