CALL FOR PRESENTATIONS:

Submit your abstract today to ensure your research or case study is considered for this user group.

Submission deadline: **24 January 2020**

WIND TURBINE USER GROUP 2020

6-7 May 2020, One Birdcage Walk, London

The two-day Wind Turbine User Group 2020 is the next in this popular series of the Institution's power generation user groups.

This event will enable those involved in the management, operation and maintenance of wind turbines to discuss common problems and issues, exchange ideas, identify potential solutions and learn about new developments.

We invite you to share your experiences and provide a basis for discussion and debate by making a 20 minute presentation to delegates. Presentations should offer practical examples of issues encountered, how they were resolved or how improvements were made.

Why you should present at the Wind Turbine User Group:

- Contribute to and learn about the most recent advances in your specific area of engineering
- Advocate your techniques, technologies and best practice in front of researchers, policy makers and regulators
- Meet dozens of engineers with common interests and make new, influential and valuable connections
- Benefit from having your work peer-reviewed by a committee of senior engineers
- Benchmark your organisation's processes against others in your industry

TOPICS TO BE ADDRESSED:

- State of Power in UK
- Storage and Grid
- Design, manufacture, installation
- Operation & Maintenance
- Balance of plant, foundations, cabling
- Research & Innovation
- Optimisation through technical advancement and fleet knowledge
- Use of Robotics/Drones
- Floating Wind Turbine Generators
- Dealing with a maritime environment (corrosion/fatigue)
- Magnets/Rare Earth recycling
- Storage Hydrogen/Hot Rocks
- Universities & Education of next generation
- Emerging Markets & Technology advances
- End of life

HOW TO SUBMIT

Your summary should outline the contents of a 20 minute presentation and should include the following information:

- Your full name and contact details
- A working title for your presentation
- A 150 word summary of the topic/case study that you intend to cover and its application within industry
