## **EV Scrutineer**

We have more electric vehicles in the competition than ever before – 30 are to compete this year, an FS record which makes for an exciting competition!

Following last year's competition where we saw an electric vehicle win for the first time in the competition's history, there has been a surge in teams competing with electric vehicles therefore we have a larger demand for EV Scrutineers.

If this is something you'd like to get involved don't forget to apply in February 2014!
