IDENTIFYING TECHNOLOGIES TO STREAMLINE AND OPTIMISE RAILWAY SUPPLY CHAINS

14 January 2019, Institution of Mechanical Engineers, London

LOGISTICS PLAY A CRITICAL ROLE IN THE RAILWAY INDUSTRY'S OVERALL SUPPLY CHAIN PERFORMANCE, ALTHOUGH ITS SIGNIFICANCE IS SOMETIMES OVERLOOKED. LOGISTICS PLAY A KEY ROLE IN THE ABILITY TO DELIVER RAIL INFRASTRUCTURE PROJECTS ON TIME AND TO BUDGET, AND LOGISTICS ARE CRITICAL TO MAINTENANCE OPERATIONS ENSURING BOTH TRAINS AND TRACK ARE AVAILABLE FOR SERVICE.

Digital technologies are already and will continue to impact logistics operations bringing new efficiencies to supply chains. Digital logistics is the term that unifies the application of digital technologies to improve productivity, quality and deliver exceptional customer service. Attend this lecture to navigate through some of the technology options that are now being used and how your talented workforce has a role to play in their use.

ANOTHER EVENT TO LOOK FOR:
